

## POLICE GUARDED THE PRESIDENT

### DETECTIVES SURROUND McKINLEY AT COLUMBUS, O.

Threats of Assassination—Great Alarm Caused by a Note to Mayor Black Hinting that the Life of the President Was in Danger—Police Were Active.

Columbus, Ohio, Sept. 4.—The department of public safety employed extra diligence Friday to prevent the threatened assassination of the President of the United States. The President arrived in the city at 10 o'clock in the morning and was escorted to the new Great Southern hotel by two platoons of police, the 17th United States army regulars, under command of Col. Poland, and the Columbus companies of the 13th regiment, Ohio National Guard. Besides the regular police many private detectives watched every move of the great crowd. When the President emerged from the Great Southern to take a carriage to the state fair grounds he took a private exit and went by a side street.

The motive for the threat is the President's appointment of Terence V. Powderly to the position of commissioner of immigration. The warning came to Mayor Black in the shape of a communication which read: "Be on your guard. There is a plot against McKinley to make away with him because he appointed Powderly. This plot is not in favor of anarchy. They are for organized labor and against monopoly."

A similar letter written in pencil on brown paper was received by another person. Mayor Black was at first disposed to treat the communication lightly as the prediction of a harmless crank, but he remembered the recent assassination of the President of the French republic, the murder of Spain's prime minister and the killing of the President of Uruguay, and thought best to put the matter in the hands of Director Williams, who acted promptly. He instructed the police and detectives not to lose sight of the President's person for a moment. When the train arrived and the President alighted the detectives closed in about him, almost excluding the reception committee. This close watch was maintained during every minute of the President's appearance in public.

There is no clew to the sender of the note, which bore a Columbus postmark. Director Williams was at first inclined to regard the matter as a joke, for the reason that an assassin seldom warns the police power in advance of his attempt to do murder. The police officials are not communicative upon the subject, but nevertheless displayed some nervousness when approached. President McKinley and party were guests of the Ohio state board of agriculture. Upon arrival the committee on reception appointed by the board of agriculture escorted the President between the lines of police to carriages. The crowd in the vicinity of the station was immense, the weather being fine and the attendance at the fair very large.

Marching into the large fair grounds the procession moved through a sea of human beings to the main building, where the president addressed school children from Columbus and many other parts of the state, all of whom had been especially invited by card and admitted free. Later in the day the party was escorted to various buildings of interest, where short speeches were made and informal receptions given.

## KILLED IN A COAL MINE.

### Terrible Explosion of Dust Occurs Near Glenwood Springs, Col.

Glenwood Springs, Col., Sept. 4.—At 6 o'clock Friday evening a terrible explosion of coal dust occurred in the old Sunshine mine, owned by the Colorado Fuel and Iron company, twelve miles from Glenwood. Up to the present time twelve bodies have been recovered, and so great is the excitement that it cannot be learned whether there are any more in the mine or not. Following is a complete list of names of those taken out dead: Antoine Martaltono, George Dannon, Louis Dannon, Louis Raki, Joe Martini, Joe Casa Grandi, John Jennen, Antonione Eppic, Theodore Polosi, John Andriani, Emil Andriani, Francis McClos.

### France Wants Reciprocity.

Washington, Sept. 4.—The French ambassador, M. Patenotre, called on Secretary Sherman Friday relative to the proposed reciprocity treaty with France. The subject was discussed in a general way, but owing to the importance of the questions involved it is not expected that final results will be reached until the return of the President, who takes a personal interest in these reciprocity negotiations.

### H. Russell Ward Ends His Life.

Chicago, Sept. 4.—While the Northwestern through train from San Francisco was speeding through Iowa yesterday morning on its way to Chicago H. Russell Ward, who eloped from Los Angeles last July with Mrs. Bradbury, wife of John L. Bradbury, a young millionaire, threw himself from the window of his stateroom and was killed.

## THE BASEBALL REPORT.

### Standing of the Clubs in the Various Leagues.

Boston slipped back into first place yesterday as the result of two victories from Anson's Colts. Baltimore moved ahead in the percentage, but lost in standing, as it won but one game from St. Louis, although scoring enough runs for three or four. New York again played before a large and enthusiastic crowd, but could not do better than break even with Cincinnati. Standing of the clubs:

## MORE FORGED PAPER.

### Did Cashier Norton Loot the Safe of the Durand Bank?

Rockford, Ill., Sept. 4.—The safe in the closed bank of Durand is still unopened, so it is unknown whether Cashier Charles A. Norton looted it before absconding. It is generally believed that he did. New forged paper to the amount of \$12,000 has come to light, a large amount being held by Chicago, Beloit and Freeport banks. Representatives of these firms in calling on farmers whose notes they held as collateral for loans find nearly all forged. Norton is believed to have started for the Klondike mines. President S. A. Blake, Norton's father-in-law, says he will make good the loss of creditors so far as able.

### Almost Wiped Out by Flames.

Ottumwa, Iowa, Sept. 4.—By a conflagration which started at 5:30 Friday morning, the little city of Hillsboro was almost entirely wiped out. At noon the fire was under control, but not until the business portion of the city had been reduced to ashes. Hillsboro is a town of 1,000 people on the Chicago, For Madison & Des Moines Railway south of this city. The fire originated in the basement under S. W. Hough's furniture store.

### Dr. Andrews Accepts.

New York, Sept. 4.—Dr. E. Benjamin Andrews, president of Brown university, Providence, R. I., whose resignation as head of the faculty of that institution is still in the hands of the officers, has accepted the position of president of the new Cosmopolitan university, founded by John Brisben Walker. Dr. Andrews resigned from Brown university because of his views on the silver question.

### Deputies in Charge.

Knoxville, Tenn., Sept. 4.—United States Marshal Austin has sent deputies to Newcomb to protect the property of the Standard Coal and Coke company. Other men will follow if needed. This mine is in the Jellico district and in charge of receivers, but the striking miners declare it shall not be operated.

### Chicago Convention Is Called.

St. Louis, Mo., Sept. 4.—Pursuant to the action of the recent labor conference held in this city, a call for a convention of all labor and reform organizations to meet in Chicago Sept. 27 has been issued. It is addressed: "To trades unionists, wage-workers, producers and friends."

## MUCH IMPROVEMENT IN TRADE REPORTS

### BUSINESS ACTIVITY STILL ON THE INCREASE.

Good Decrease in Failures—Ratio of Defaulted Liabilities to Payments at Clearing Houses Smaller in July and August Than Any Month Since Early in 1893

New York, Sept. 4.—R. G. Dun & Co.'s Weekly Review of Trade says: "Failures in August were in number not only 17 per cent less than in August, 1896, but in amount of liabilities 70.8 per cent smaller. July and August show a lower average of liabilities per failure than has ever been known in any year or even in a quarter of the twenty-three years R. G. Dun & Co. have kept quarterly records. The improvement is also well distributed. The ratio of defaulted liabilities to payments at clearing houses has been smaller in July and August than in any other month since early in 1893. August was the first month in which the daily average of settlements through clearing houses exceeded materially that of the corresponding month of 1892, the excess at the principal cities being 12.3 per cent. Nor is this due, as might be supposed, to activity in stock speculation, for the stock-exchange clearing house now disposes of a very large share of transactions, so that they affect bank exchanges far less than five years ago.

"The volume of business here has been distinctly larger in speculative lines than it was then, and in textile goods phenomenally larger, though slackening this week, buyers having nearly completed their initial purchases. With an extraordinary movement in grain, heavy real estate and building transactions and increased business in iron products, the month was clearly the busiest August ever known.

"Wheat continued its reaction until it had fallen 4 cents more, but then rose 3 cents with the first revival of foreign buying. Western receipts of corn were 10,065,470 bushels. Cotton speculation made August deliveries costly, spot rising to 84 cents, but the market then drifted back quickly to 7.62 cents. Wool sells largely between speculators, 16,568,500 pounds for the week. The improvement in the iron industry gains momentum. The demand increases for sheets and plates, especially for bridge and ship building, including 10,000 tons at Philadelphia in structural work, of which it is said that 20,000 tons have been placed at Chicago. Tin is still slightly lower.

"Failures in the last week have been 191 in the United States, against 334 last year, and 25, against 31 in Canada."

## CLEW TO THE MURDER.

### New Developments in the Michigan Bank Mystery at Shepherd.

Shepherd, Mich., Sept. 4.—The authorities are now very much interested in the whereabouts of a mysterious Frank Sutton, alleged to be a cattle buyer, who, it is said, got Cashier Struble out of bed early in the morning on several occasions to accommodate him at the bank and who on the morning before the murder secured from Struble \$1,000 on a draft on the Jackson City bank. The draft proved to be a forgery. This is the clew on which the authorities are working now. Prosecutor McNamara says that despite the public criticism and clamor no mistakes have yet been made and no experiments will be tried.

### School Row to Go to Court.

Spring Valley, Ill., Sept. 4.—Negotiations to effect a compromise in the Spring Valley school muddle have been broken off. The Baxter-Herzer board delivered its ultimatum Friday that unless Julius Herzer was made secretary there would be no settlement. The opposition has accepted the gauge of battle and the costly school fight is to be waged. The next engagement will be in the courts. It is proposed to call an indignation meeting of citizens and get out an injunction to have the schools closed until the matter is straightened out.

### Valley Said to Be Helpless.

Joliet, Ill., Sept. 4.—A startling discovery is announced by the lawyers of the trustees of the sanitary district, and the valley is utterly helpless because the clause protecting water rights was stricken out of the law. It is the intention of the board's attorneys to introduce the records of the legislature into the case if they find that an error has been found. Judge Hilscher has been notified of the important discovery, and has promised to be on hand next Monday if it should become necessary.

### Texas Fever in an Illinois County.

Bloomington, Ill., Sept. 4.—Farmers and stockmen of this country are alarmed by the appearance of Texas fever at two points within its boundaries. John Walden, a farmer near Heyworth, recently bought some cattle in Chicago and shipped them to his farm to be fed. Texas fever has broken out among these. It has also made its appearance at Colfax.

### Brazil to Expel Anarchists.

Buenos Ayres, Sept. 4.—Telegraphic advices from the New York Herald's correspondent in Rio Janeiro, Brazil, state that the government has decided to expel all anarchists from the country.

## THE MINERS' STRIKE IS NEAR THE END

### MINERS AND OPERATORS FINALLY REACH AGREEMENT.

Final Action Wednesday—Proposition Is to End the Strike and Accept 65 Cents or 64 Cents Pending Arbitration—Ratchford Favors a Settlement

Columbus, O., Sept. 4.—The miners' executive board and a committee representing the operators of the Pittsburg district reached an agreement Friday evening. As a result a circular was prepared for immediate transmission to locals calling a national convention of miners for Sept. 8, to be held in this city, to consider the acceptance of 64 cents pending arbitration, or to call the strike off and accept 65 cents.

President Ratchford expressed himself as perfectly satisfied with the outcome of the joint conference just closed, and was especially well pleased because of the mutual good feeling which dominated both factions. When asked if all the Pittsburg operators were represented at the conference Mr. Ratchford replied that there was a sufficient majority to bind the whole, and remarked incidentally that it would be impossible to treat with some of the obstreperous small operators.

The circular is in part as follows:

"At a conference held at Columbus, O., Sept. 2 and 3 between the national executive board of the United Mine Workers of America and a representative committee of the Pittsburg district operators, whom we consented to meet only after it became apparent that a national conference of operators and miners could not be convened, the following propositions were submitted by the representatives of the Pittsburg operators to the executive board and district presidents, as the basis of a settlement to terminate the present strike:

"1. The resumption of work at a 64-cent rate of mining, the submitting of the question to a board of arbitration to determine what the price shall be, the maximum to be 69 cents and the minimum to be 60 cents a ton, the price to be effective from date of resuming work.

"2. A straight price of 65 cents a ton to continue in force until the end of the year, with the additional mutual understanding that a joint meeting of operators and miners shall be held in December, 1897, for the purpose of determining what the rate of mining shall be thereafter.

"Our executive board and district presidents, after much deliberation and a thorough consideration of the two propositions, do recommend the latter as in their judgment the best that can be secured, because of circumstances that are apparent to all who study market conditions since the inauguration of the strike.

"Additional reasons will be given and a full report made of the general situation at the convention. We would further advise that delegates come untrammelled by resolutions and uninstructed, other than to act in your best interests. At this time it is deemed advisable for the reason that provisions are made in the uniformity agreement now pending in the Pittsburg district, and which it is expected will be operative in that district on and after Jan. 1, 1898, to arbitrate the question of relative differential between pick and machine mining, which will, we anticipate, do much toward furnishing us with more reliable data on that question than we possess at present."

## INSIST ON 69 CENTS.

### Miners at Pittsburg Think They Have Won the Victory.

Pittsburg, Pa., Sept. 4.—District Secretary Warner says a call will be issued for a convention of the Pittsburg district, and will be called for Tuesday next, when the delegates to the national convention at Columbus on the 8th instant will be instructed. The indications are that these delegates will be told to stand out for the 69-cent rate. The miners individually, judging from talks with a number of them, consider the operators badly whipped in the fight, and think they should be glad to compromise on even 79 cents, and there is no doubt that the delegates to the district convention will be given to understand that they must instruct the national delegates strongly for 69 cents or nothing.

Irwin is filled with striking miners. The town is wild. Over 2,000 men who are contending for 69 cents or nothing have located in a hurriedly formed camp directly opposite the offices of the Penn Gas Coal company. Marches to the working mines have commenced, and every effort will be made to induce the miners employed by the Penn Gas Coal company and the Westmoreland Coal company to quit work. Armed guards are patrolling the property of the coal companies.

### Thousands Are Suffering.

Brazil, Ind., Sept. 4.—The miners' executive board and relief committees met here Friday to make arrangements to alleviate the suffering of the thousands of destitute strikers. Only 2 cents per capita could be raised, and that amount of cornmeal will be distributed. Considerable excitement was created by a report that some of the miners had returned to work in one of the Brazil Mining company's mines.

and a delegation of miners was detailed to induce the men to quit. The Central Iron and Steel company's plant is in full operation, and the Indiana paving-brick plant has started up.

## OVERRULED THE MOTION.

### Court Refuses to Strike Out Testimony in the Luetgert Trial.

Chicago, Sept. 4.—In the Luetgert trial Friday morning Attorney Vincent, for the defense, moved to strike out the damaging testimony Capt. Schuetzler had given the afternoon before about his disproving the Grotley story of Mrs. Luetgert being seen in New York. The court overruled the motion.

Officer George Dean told of his work on the case and the finding of the rings in the refuse found in the vat at the sausage factory.

Mrs. Isa Harris, for seven years the neighbor and intimate friend of the missing woman, declared that the rings were the property of Mrs. Luetgert.

The identification of the rings—the only substance that withstood the burning acids in the vat—is a great gain for the prosecution. That was the most important testimony given at the forenoon session of the trial.

From Kansas comes word of yet another witness who saw Luetgert and his wife enter the factory on the night of May 1, but a short time before the alleged crime took place. If the report can be substantiated this will make the third and possibly the fourth person who saw the factory doors close upon the woman but a short time before the stifled scream broke out upon the night's still air. The state, however, is inclined to doubt the Kansas tale.

Judge Tuthill went to the Luetgert sausage factory in the afternoon. Mr. Vincent for the defense and Mr. McEwen for the state accompanied the judge. Both sides refused to divulge the significance of the visit to the factory. It is understood, however, that it was done in order that the question of taking the jury to the scene of the alleged crime could be determined by the court.

### Fulton Asks for a Hearing.

Fulton, Ill., Sept. 4.—Fulton citizens have addressed to Judge Gest of Rock Island an open letter in the Modern Woodmen case, briefly reviewing the legal status of the trouble over the proposed removal of Head Clerk Hawes' office from Fulton, and asking him that they be permitted to have a fair hearing in open court at a regular term, when the matter may be determined upon its merits. They agree, if this is done, to abide peaceably by the decision, whatever it may be.

### Decide Against Changes in Creed.

Indianapolis, Ind., Sept. 4.—Delegates to the state meeting of the Universalist church of Indiana endorsed the suggestion of their president, Rev. Thos. Guthrie, that delegates to the national convention be instructed against the proposed changes in creed. Winchester profession of faith followed by the church since 1803, says that "We believe that holy scriptures contain revelation of the character of God and of duty, interest, and final destination of mankind." It has been proposed to drop out this article and to substitute a declaration more Unitarian in form and faith.

### Foreign Admirals Act.

Canea, Island of Crete, Sept. 4.—In consequence of the firing of several volleys by Turkish irregulars at the Italian man-of-war Sardegna off Candia on the night of Aug. 31 the admirals of the foreign fleet propose to disarm the Turkish irregulars. If permission to carry out this measure is refused by Djavad Pasha, the commander of the Turkish forces in Crete, the admirals will demand his recall. It is also proposed to raise the blockade of the island, which is now considered useless.

### Talk by Rhodes.

Cape Town, Sept. 4.—Cecil Rhodes, in a speech delivered at Fort Salisbury, is quoted as saying that the conduct of the parliamentary inquiry into the Transvaal raid will be judged half a century hence. His personal troubles, Mr. Rhodes added, were trivial when compared with those of the people of the Fort Salisbury district. He said that his whole future would be directed toward the unity of the South African states in clear and open policy.

### Kansas Is Prosperous.

Topeka, Kas., Sept. 4.—Bank Commissioner John W. Breidenthal says Kansas is the most prosperous state in the Union today. Forty thousand homes will be cleared of mortgages this fall, averaging each \$1,000. Bankers in small towns, he says, have more money on deposit than they know what to do with, and don't care to accept any more. The crops, bountiful this year as they were never before, will get every farmer out of debt.

### Asks No Explanation.

London, Sept. 4.—An official contradiction has been issued of the report that Germany will demand an explanation from France on the dispatch sent by the French premier, Mr. Meline, in reply to the message of the Lorraine society congratulating the government upon the Franco-Russian alliance. In the dispatch Mr. Meline expressed the hope that Lorraine would be reunited to France.

### Bolting Populists Felled.

Des Moines, Ia., Sept. 4.—The Democratic state central committee secured on Friday a temporary injunction restraining the secretary of state from putting the ticket of the bolting Populists on the official ballot. The bolters' ticket was filed with the secretary ten minutes before.

## GREAT GAS BLAST KILLS AND WOUNDS

### INDIANA TOWN SHAKEN BY TWO EXPLOSIONS.

Twenty People Wounded and Two Are Known to Have Been Killed—Business Part of the Town in Flames—Accident is Near Indianapolis.

Indianapolis, Sept. 4.—[Special]—Broad Ripple, a village six miles north of here, had two natural gas explosions this morning. Two men are reported dead and twenty injured. The business portion of the town was set on fire, and burned fiercely.

## MUCH GOLD IS THERE.

### Paying Veins of Quartz in Michipicoten District.

Sault Ste. Marie, Mich., Sept. 4.—The importance of the gold discoveries in the Michipicoten river district becomes more evident every day. It is now known that the first reports from there, which told of surprisingly rich showings of gold, were afterward discredited by a carefully circulated report until the original discoverers could get a Canadian land grant covering seven forty-acre tracts.

The government sent Professor Alexander McKenzie, the expert of British North America on mineralogy, to the field, and he returned here last night. These fields, which are, in round numbers, 130 miles from this city, are rich beyond the wildest estimate made.

## CABINET TO CONSIDER.

### Section 22 to Be Digested Before a Decision Is Rendered.

Washington, Sept. 4.—President McKinley and the entire membership of the cabinet will probably be consulted before Attorney General McKenna announces his opinion as to the construction to be placed on section 22 of the Dingley bill imposing discriminating duties. The questions involved are so important that all the light possible is to be thrown on them before the administration is committed to a construction which might demoralize the entire foreign commerce of the country, which involves a matter of about \$30,000,000 per year in customs revenue, according to the calculations of the officials of the treasury department.

### Two and One-Half Tons of Gold.

Washington, Sept. 4.—John G. Brady, governor of Alaska, has sent to Secretary Bliss a personal letter in which he gives some interesting facts about the rush to the Klondike region. Writing from Juneau, he says: "The shipment of dust by the mouth of the Yukon will be all of two and one-half tons. A conservative estimate is that there are 5,000 men in Skaguay and along the trail on the White pass. But a few only have gone over this pass with their supplies and only a small percentage of the number can get across."

### Trusted Man Missing.

Chicago, Sept. 4.—Warrants charging embezzlement have been issued for the arrest of Charles M. Charnley, for fifteen years treasurer of the Presbyterian board of aid for colleges and academies. He cannot be found. The American Surety company caused the warrants to issue, and alleged that Mr. Charnley has confessed to a shortage of \$50,000, the trust funds contributed for educational institutions having been used in speculations on the board of trade.

### Urges Tariff Retaliation.

Buenos Ayres, Sept. 4.—President Uriburu has sent a message to congress in which he advocates, as a measure of retaliation against the United States, increased duties on articles imported in large quantities from that country. Higher duties, the president explains, should be imposed because of the recent difficulties which the Dingley tariff has thrown in the way of exportation from this country to the United States.

### Absconder McConnell Takes \$9,000.

Hoopeston, Ill., Sept. 4.—State Auditor Daily, who has just completed his examination of the affairs of the State bank of Ambia, Ind., which was looted Saturday last by its absconding cashier, has discovered that the exact amount taken by McConnell was \$9,000. T. H. Dixon, president of the bank, announces that it will be opened for business within a week.

### Skeptical About Alliance.

London, Sept. 4.—The Berlin correspondent of the Times says the Zunkunf published what is undoubtedly an authentic interview with Prince Bismarck. The Prince expressed himself as very skeptical regarding the alleged Franco-Russian alliance, and declared that the czar's toast really committed Russia to very little.

### Sultan Receives Minister Angell.

Constantinople, Sept. 4.—Dr. James B. Angell, the new United States minister to Turkey, with the members of the American legation, was granted an audience by the sultan Friday and presented his credentials.

### Rebellion in Uruguay Is Growing.

London, Sept. 4.—The Times' Montevideo correspondent says the rebellion in Uruguay is growing and that the insurgents are advancing toward the center of the republic.

## GYPSIES BUY A \$250 WAGON

Nothing On Wheels Is Too Good For Ed-  
ward Jennings' Band.

Gypsies who can afford to pay \$250  
cash for a traveling wagon must be-  
lieve in having the best. Edwin Jen-  
nings, a gypsy leader who came here  
from Milwaukee recently left an order  
for such a wagon with the Janesville  
Carriage Company and the vehicle was  
completed this week. It is canvas-  
covered and oil cloth lined making it  
rain proof. The body is handsomely  
painted and the entire  
vehicle is bright with nickel and brass  
trimmings.

## NO SOFT COAL COMING IN

dealers Will Sell Only to Their Regular  
Customers.

Coal dealers report that the soft  
coal piles are now very low, with not  
much coming in. They state that in  
Milwaukee none is being sold for ship-  
ment out of town, and that none is  
sold at all except to old customers, the  
dealers desiring to take care of their  
regular customers as far as possible  
without selling anything to new ones.  
The receipts of hard coal are very light  
at present.

## ENJOYED A SIX O'CLOCK TEA

Friends of Miss Helen and Catherine Fi-  
eld Entertained Very Pleasantly.

Six o'clock tea was served to a com-  
pany of nineteen, by Misses Helen  
and Catherine Field, at the home of  
their parents, Mr. and Mrs. F. E.  
Field, last evening. The gathering,  
which was a delightful one, was in  
honor of Miss Edith Partridge of Chi-  
cago; Miss Maud Hitchcock and Miss  
Katherine Harvey, both of Lake Mills.  
The evening was passed with charades  
and dancing, and good nights were  
said regretfully. Those present were:

- Misses—  
Blanche Sweeney, Reta Whitton,  
Sarah Sutherland, Meggie Jackson,  
Louise Merrill, Josephine Treat,  
Jessie Spellman, Bille Strauser,

Pettijohn's Breakfast Food Down.

We bought 500 two-pound pack-  
ages of the famous Eli Pettijohn's  
breakfast food at a very low price and  
will sell it as long as it lasts at 10 cents  
a package or 3 for 25 cents. These are  
the regular 15 cent size, 2 for 25 cents and a brand of goods so standard  
as the Eli Pettijohn food at the price  
we offer it is an immense bargain.  
There is no morning meal food better  
and should you purchase a barrel of  
it you could not get it so cheap as we  
now sell it in package form. It will  
be to the interest of housekeepers to  
lay in a supply of this food—it will  
keep and the present low price wont  
hold long. Sanborn & Co.

## PROCEEDINGS BEGUN TO VACATE STREETS

CITY FATHERS TAKE THE PRE-  
LIMINARY STEPS.

The Closing of Wall and Marion Streets  
to Be Conditioned on the Erection of  
a New Depot By the C. & N.  
W. Road—Text of the Resolu-  
tion.

The first steps toward vacating  
parts of Wall and Marion streets were  
taken by the common council last  
night. It was done in consideration  
of an agreement that the C. & N. W.  
road proceed with a new depot at  
once. If the new depot fails to ma-  
terialize the closing of the street is to  
be void, aldermen declare.

In the absence of Mayor Thorough-  
good from the city, President of the  
Council S. C. Burnham was acting  
major and called the meeting to order  
about 7:45. All the aldermen an-  
swered to the roll call but McLean  
and Rice, the latter being out of the  
city. President Burnham stated the  
object of the meeting and City At-  
torney McElroy explained that the peti-  
tion with accompanying plats had  
been filed with the register of deeds.

Alderman Millmore introduced the  
following order:  
"A petition having been filed to  
vacate parts of Wall and Marion  
streets, and signed by all property  
owners whose land abutted on the  
portion of said streets to be vacated,  
together with two-thirds of the re-  
maining residents on said streets,  
therefore be it

"Ordered by the mayor and com-  
mon council of the city of Janesville,  
that the city clerk give notice that  
such application will be acted upon  
by the common council on the 15th  
day of September, 1897, at 8 o'clock  
p. m., and that notice of the portions  
of such streets and property to be va-  
cated be posted in three public places  
in the said city of Janesville, at least  
one week before said day, either writ-  
ten or printed in form as follows, to-  
wit:

Notice of application for the vacation of Wall  
and Marion streets:

Notice is hereby given that an application has  
been made to the common council of the city of  
Janesville by the Chicago & Northwestern Rail-  
way company, the Chicago, Milwaukee & St.  
Paul Railway company, and others, for the va-  
cation of all of those parts of Wall street and  
Marion street, in Mitchell's addition to Janes-  
ville, according to the plat thereof recorded in  
the office of the register of deeds in and for said  
county, which said streets between a right of way  
drawn from a point in the south line of lot six  
(6) in said Mitchell's addition, one hundred  
and forty-five (145) feet westerly  
from the southeast corner of said  
lots to the northwest corner of lot  
four (4) in said addition, and a right line  
drawn diagonally across said streets, from the  
northeast corner of lot three (3) in said addition  
to a point in the south line of lot seven (7) in said  
addition thirty-four and one-half (34½) feet  
easterly from the southwest corner of said lot  
seven (7).  
It is further ordered that such notice be pub-  
lished for three days successively in the official  
paper of the city, at least one week prior to said  
day.

The order was adopted and the  
meeting adjourned.

## UNCLE SAM'S BIG GUNS

Artillery In Action a Feature of the Wild  
West Show.

Have you ever heard "the roar of  
cannon?" The "rattle of musketry"  
is quiet common enough, but how  
about the "roar?" Every man, woman  
and child, who can read at all has  
read about it. Those who live in the  
vicinity of military posts have heard  
morning and evening the sunrise and  
sunset guns. But have even these  
heard the real roar of artillery in  
action? Not many. Well you can  
now both hear and see the real thing,  
for many and many novel additions  
made to the programme of Buffalo  
Bill's Wild West are batteries of flying  
artillery, and it is Uncle Sam's own  
artillery too. You all see these modern  
men handled exactly as they are up-  
on a field of battle. The horses  
will dash onto the immense  
arena with the enormous guns,  
the cannon will be unlimbered,  
sighted, loaded, aimed, you will see  
the lanyard string pulled and the gun  
fired; you will see the recoil of the  
gun; the steam like puff of vapor at  
the muzzle, caused by the smokeless  
powder; in short every absorbingly  
interesting detail of the most destruc-  
tive and awful warfare will be seen  
more clearly than it could be seen  
amid the smoke and crash of a battle  
field and you can see it without hav-  
ing to witness the terrible carnage  
and dreadful horrors of actual war.  
This one feature alone will more  
than repay any one for the visit they  
make to this entirely unique and mar-  
velous exhibition. It will be here on  
Sept. 14.

## ENDEAVORERS MAKE MERRY

Business Meeting Followed By a Social  
Session At the Home of Miss Clark.

The Presbyterian Christian En-  
deavor society met in business session  
last evening, at the Center avenue  
home of Miss Fannie Clark. After  
the business was disposed of an auc-  
tion social was held. There was liberal  
bidding, and the articles purchased  
were the source of much mirth. Light  
refreshments were served.

## CHANGES ON THE ST. PAUL

Through Trains Are Likely to Run Over  
the Savannah Route.

The St. Paul roadbed from Mil-  
waukee to Savannah is being greatly  
improved and a large force of men are  
now at work on the line. It is re-  
ported that the company will soon  
put on a through passenger service  
between Milwaukee and Kansas City  
by way of Freeport.

Fruit Retailed At Wholesale Prices.

During the balance of the season  
Sanborn will retail all fruit  
at wholesale prices. It will  
be handled simply as a leader  
or trade bringer. There will  
be no money made out of it  
for us and the saving to the  
public will be of consid-  
erable consequence. The same

high quality that has always charac-  
terized our fruits will be continued.  
We receive fresh shipments daily  
through our Chicago broker who has  
bought fruit for us during the past  
thirteen years and the line is  
well assorted. Any price quoted  
by us will be on first class stock only,  
so that in comparing our prices with  
others, also compare goods.

Bartlett pears that retail at 50 cents,  
our price, 40 cents per peck.  
Sickle pears, retail price, 20 cents,  
our price, 13 cents per basket.

## REMEYNI ROBBED OF \$4,000

Thieves Break Into His House and Steal Much Silverware

Edward Remenyi, the violinist who has delighted Janesville music lovers and who is booked to appear here this winter, was robbed of \$4,000 worth of silverware, jewelry and clothing Tuesday morning in New York City.

The property which was packed in a trunk, two valises and a small hand bag, was carried from his house at 73 West Eighty-fifth street.

Although it was broad daylight, the thieves were not detected, and nothing was known about the robbery until 8 o'clock, when Mr. Remenyi came down stairs for breakfast, and missed the silverware.

STRIKING VARIATION.

It was not kind of the director of the mint to delay his recent statement about the comparative value of the coins of the world until the departure of those silver patriots who recently hastened to Japan to learn the true cause of the demotization of silver there. Had they had opportunity to study Director Preston's little table they might have stayed at home and devoted their energies to explaining to the farmer why wheat has gone above a dollar a bushel while the free-coinage dollar has gone below forty cents. Director Preston's table shows the comparative value of the silver and gold coins of Japan during the past decade. One minute's study of these figures would have been sufficient to show these peregrinating patriots the true cause of Japan's action. Here are the figures—read them for yourself:

Year	Value of Silver Yen.	Value of Gold Yen.
1888.....	75.3	99.7
1889.....	73.4	99.7
1890.....	75.2	99.7
1891.....	83.1	99.7
1892.....	74.5	99.7
1893.....	66.1	99.7
1894.....	55.5	99.8
1895.....	49.1	99.7
1896.....	52.9	99.7
1897 (July).....	47.8	99.7

NOTHING HOPEFUL.

The Hon. Richard Parks Bland and the Hon. William Foghorn Allen are both before the country with statements as to wheat and prosperity. Neither sees any signs of actual prosperity anywhere in the land. They admit that the farmers may get a few hundred million out of the rise in wheat, with which prospect they really express themselves as pleased, but the whole business, they say, will not amount to anything, and the prosperity of which they hear murmuring will collapse into nothing. Mr. Allen characterizes the prosperity wave as a "hot air balloon affair," and Mr. Bland carefully analyzes the situation in the country and sees nothing hopeful in it. Probably not, hopeful in it—for Richard Parks Bland.

The unblushing acknowledgement of ex-Senator Irby, that he secured the nomination of Pitchfork Tillman for governor of South Carolina, by cheating in the count of votes in the nominating convention, gives the country a fair idea of democratic methods in that state, as well as a poor opinion of the man who owns up to the theft.

If we may judge from democratic utterances, we should say that Senator Hanna has his fight as good as won, and that it is now only a question of how large the republican majority will be for the state ticket and in the legislature.

An Oklahoma newspaper man who has been serving as an officer in the Cuban army says the Cubans are suffering for lack of food, and that for some time before he left his principal rations were palm tree buds.

The democrats of New York who were afraid to allow Bryan to make new speeches in the state and then allowed Senator Tillman to do so had a queer way of reasoning.

The recent earthquake that shook up Japan wasn't a marker to the shaking up that country would get if it were foolish enough to attempt to fight the United States.

Over \$2,000,000 in British money coming into San Francisco from Australia to pay for American wheat! How is this for British gold-bug control?

It is presumed that Grover Cleveland fished as usual this summer but

the enterprising newspapers printed nothing about it.

BENEATH DEATH'S CLOUD

Peter F. Rock.

Peter F. Rock died this morning at 9 o'clock at his home, 555 Pleasant street, aged sixty-five years. Besides a devoted wife he leaves three daughters and a son—Mrs. J. S. Seovel and Mrs. Charles Hochkirch of Chicago, and Miss Rosa Rock and Louis L. Rock of this city.

Mr. Rock was one of the veterans of the Chicago, Milwaukee & St. Paul service and was known on all divisions of the road. He was born in Drummondville, East Canada, and for forty-one years has been in the employ of the St. Paul railroad company.

Funeral services will be held Monday at 10 o'clock.

Funeral of Miss Marie Williams.

Rev. W. H. Wotton of Trinity church conducted the funeral of Miss Marie Williams this afternoon at 3 o'clock. Services were held at the home of Miss E. Louise Williams on Madison street, the parlors being thronged by friends who gathered to pay earth's last tribute. The fragrance of flowers filled the room and the grave at Oak Hill was banked with evergreen and flowers. Those who acted as pall bearers were Horace McElroy, George M. McKey, E. T. Foote, B. F. Crossett, John M. Whitehead and R. J. Richardson.

Funeral of Hiram A. Osgood

The remains of Hiram A. Osgood who died in this city yesterday were taken to Cary, Ill., for interment today. They were met at the Cary depot by the G. A. R. Mr. Osgood was a veteran of the late war, having served in the Sixteenth New Hampshire Infantry. He was also a member of the G. A. R. He leaves three sons, Frank Osgood, of this city, Phillip Osgood, of Harvard, Ill.; J. H. Osgood, of Mayville, Wis. and two daughters, Mrs. W. S. Coss, of Cary, Ill., and Mrs. William Anderson, of Port Elgin, Canada.

Funeral of Mrs. C. Merkel.

The funeral of Mrs. C. Merkel was held at the residence of her daughter, Mrs. M. Battry, 252 Linn street yesterday at 2 p. m. Rev. R. C. Denison pastor of the Congregational church officiating. The house was filled with friends and the floral offerings were beautiful. Mrs. Merkel was laid to rest in Oak Hill cemetery beside her husband, the following acting as pall bearers, F. Blanchard, S. B. Kenyon, C. Preller, C. Stout, T. Bidwell, J. Stanton.

Mrs. Mary Murphy.

Mrs. Mary Murphy, widow of Patrick Murphy, died at her home, 210 Gold street, last night at 9:20 o'clock, aged seventy-four years. She was an old resident of this city, and leaves a family of five children to mourn her loss, they being John, James E. C. H., and Miss Mary Murphy, and Mrs. William Murray, all of this city.

The funeral will be held from St. Patrick's church tomorrow afternoon at 2 o'clock, the burial to be in Mount Olivet.

Frank Casey.

After a week's illness with bowel trouble Frank Casey, the ten year old son of Mr. and Mrs. Thomas Casey died this morning at 4:45 o'clock at their Washington avenue home. He was a student at St. Joseph's convent and was very popular. The parents have the sympathy of many in their bereavement.

Funeral services will be held from St. Patrick's church Monday morning at 9 o'clock.

Miss Kittie McGrath

The funeral of Miss Kittie McGrath who died yesterday at the home of her sister, Mrs. Frank Brit, No. 6 Gold street will be held at St. Mary's church Sunday afternoon at 3 o'clock; services at the house at 2:30.

SHE SCARED THE SOLDIERS

Dancer Fainted in the Armory and Nearly Broke Up the Party.

A young lady fell down, bumped her head and fainted twice in quick succession at the Armory last evening and made as much stir among the soldier boys as if a Fort Sumpter had been fired upon. After considerable cold water had been spilled she was restored to consciousness and the dance went on.

## SIXTY GUESTS HELP HIM MARK THE DAY

DR. W. H. PALMER GIVES A BIRTHDAY PARTY.

He Entertains a Large Company At the Myers, and is the Recipient of a Handsome Diamond Ring—Edward M. Hyzer a Complete Success as Toastmaster.

Dr. W. H. Palmer received felicitations on his thirty-seventh birthday, as he and sixty of his friends sat about dinner tables at the Hotel Myers last evening. That the dinner marked his birthday was not known until the menu cards were read. At the head was the line:

1860. Sept. 3. 1897.

An engraving of a stag's head on the cards stood above the explanatory line, "A dinner without Deans."

And so it was.

The guests gathered in the hotel parlors about 8 o'clock Dr. Palmer greeting them at the head of the stairs. The music of Bauman & Barlow's orchestra gave the signal that dinner was served and the company was seated at two handsomely garnished tables running the length of the room. The banquet prepared by Landlord E. C. Johnson was elaborate and was exceptionally well served.

At the head of the table beside the host sat Edward M. Hyzer and as the first course was removed he called for silence while he offered congratulations in behalf of the company. He called up recollections of Dr. Palmer's life as boy and man in the city and closed with a tribute that sent a wave of applause the length of the table.

During the evening Mr. Hyzer called upon S. C. Burham, F. L. Clemons, W. T. Vankirk, J. F. Sweeney and Dr. James Mills to establish their footing in the assembly by answering charges that had been whispered about. Each met the emergency fairly and was acquitted. V. P. Richardson, George M. McKee, I. F. Wendenyke and J. C. Wilmarth were less prepared to go into details and were declared to be under suspicion.

The guests lingered about the table for two hours and then adjourned to the parlors where cigar boxes and punch bowl awaited. Whist, cinch and heart games were organized, and meanwhile some of the company arranged a counter-surprise on the host. Just as they were leaving they gathered in one of the parlors and Edward M. Hyzer with eloquent phrases presented Dr. Palmer with a beautiful diamond ring. For a moment Dr. Palmer was at a loss for words but he responded fitly and feelingly and closed by echoing the wish of one of the speakers that the same company might meet thirty-seven years hence.

The invited guests last evening were:

Robert M. Bostwick, G. M. McKee, C. S. Jackman, E. M. Hyzer, R. J. Whitton, W. G. Wheeler, Dr. Q. O. Sutherland, Dr. J. B. Whiting, W. S. Pond, Frank Taylor, L. B. Carle, Edwin Fildel, George D. Simpson, Ralph Jackman, V. P. Richardson, J. F. Sweeney, W. B. Conrad, J. L. Bostwick, F. H. Baack, Orlan Sutherland, Charles Bostwick, Dr. James Mills, E. M. Hardy, J. L. Clemons, J. C. Wilmarth, H. W. Frick, C. S. Putnam, Dr. E. E. Loomis, R. F. Crosscut, W. H. Ashcraft, Jr., E. T. Foote, Dr. E. H. Dudley, Dr. G. W. Chittenden, Dr. M. A. Cunningham, Dr. James Gibson, H. F. Bliss, Dr. Frank Farnsworth, Dr. J. F. Gember, C. E. Banous, F. B. Moulton, Al Schaller, H. V. Allen, Dr. J. W. St. John, P. J. Mout, Harry Carter.

## PRAIRIE CHICKENS SCARCE

Farmers Believed to Have Been Shooting Before the Season Opened

Prairie chickens are about as scarce as hen's teeth. This is the tenor of the reports brought to this city by several parties of hunters who were on the shooting grounds when the open season was inaugurated Wednesday. The birds shot however, are nearly all full grown, so this desirable feature makes up in part for the scarcity in numbers. Many of the hunters are of the opinion that some parties commenced shooting the birds before the season opened and for that reason the hunters who waited until Wednesday, the lawful day for the opening of the season, found but few coveys of birds. Many of the birds were flying single, showing that the coveys had been scattered.

Dr. E. D. Roberts says that the party of hunters he was with secured twenty-nine chickens.

## LOWELL ON STOVES

Largest Stock in Southern Wisconsin Ready For Inspection

For many years Lowell has been the principal seller of stoves in this part of the country. His stock has always been the largest and most complete of any in the city. This season's stock is fully as large and up to the standard as ever before. Lowell has always had the reputation of being the lowest priced dealer in the city. He never has been undersold on the same quality of goods by competition and does not intend to be this year. In the past, when he has quoted you lower prices than others you placed perfect confidence in him, and so it will be this season. Quality considered he can sell you stoves cheaper than anyone else. Every make of stove sold by him is standard—has stood the test of years in this community and can be relied upon as the best on the market. Garland stoves and ranges have no equal. They are made by the largest stove manufacturers in the world. Radiant Home and Round Oak stoves are also leaders. We have other stoves of cheaper grades and display carloads of all kinds of stoves on our floors. One thing particularly we ask of you do not buy a stove till you look over our stock and get our prices. We can save you money. Lowell, The Hustler.

Fruit and Vegetable Smash Night Our weekly clearing sale of all fruit and vegetables takes place after eight o'clock tonight. As before we will close out all remaining goods regardless of cost. They must be cleared away before Sunday and the opportunities for cheap purchases will be many. Sanborn & Co.

## MILTON BOY KNIFED AT 8 LAST NIGHT

FRANK BARKER, A STUDENT, FOUND UNCONSCIOUS.

His Head Shows the Mark of a Blow From a Blunt Instrument, and a Stab-Wound is Found in His Side—He Does Not Know What Happened.

Frank Barker, a Milton College student, was found last evening, about 8 o'clock, by the roadside near the college, unconscious. A badly bruised head showed that he had been hit with a blunt instrument, while a slight cut on his right side indicated that somebody had tried to stab him. The affair is a deep mystery, and Under Sheriff Wallace Cochrane of this city, was called to Milton this morning, to investigate.

Barker regained consciousness this morning, but all seemed a blank to him. Robbery was not the motive, for his valuables were not undisturbed. He will recover.

Four Burglars in Jail.

Four all-around smooth men, who are believed to be members of a gang of car-thieves and burglars, are in jail here today. Two of them, Edward King and Frank Hunt, were arrested by Officer Appleby and Under-Sheriff Cochrane just as they were boarding a freight last evening.

A description of both men was secured when John Arquette was arrested for receiving stolen property. King and Hunt are believed to be two of the gang who broke into a C. M. & St. P. freight car at Milton. Six men made up the Milton gang when the police first got their clue. Chief Hogan and Officer Appleby surprised them in camp two miles up the river but at that time had no evidence to justify arrest.

Two More Jailed Today.

Besides the two arrests made last night, two more men, believed to belong to the gang, were jailed today.

T. Bidwell, yardmaster for the C. M. & St. P., found them trying to break into his house on the river road north of town, this noon. The family were all away. Bidwell got word to Sheriff Acheson and the two men were arrested at Barker's Corners. They gave their names as James Smith and Frank Johnson and recognized the two other men immediately when put in jail.

The four had a long talk in one corner of the corridor as soon as the officers left.

The police had Johnson locked up on suspicion one night last week.

## ST. MARY'S CHURCH FESTIVAL

Observances on Sept. 8 Will be Especially Solemn This Year

St. Mary's church, dedicated under the title of "The Nativity of the Blessed Virgin Mary," annually celebrates on Sept. 8 its patron feast.

It has been decided to make the celebration this year more solemn than usual. At 8:30 a. m. a solemn high mass will be sung by Rev. J. J. Collins, of St. Patrick's church, assisted by Rev. Frank Lillis, of Doylestown, Wis., deacon and Rev. F. X. Schneider, of Fort Atkinson, sub-deacon and Rev. C. F. McBride, of Oconomowoc, will act as master of ceremonies. Rev. Francis Kelly, of Whitewater, has been invited to deliver a sermon appropriate to the occasion.

The choir will be strengthened by the presence of many fine singers. Rev. Father McBride has consented to render some solos during the mass which will be joyful news to his many admirers in this city, his former home, as he has a splendid voice and well cultivated. All seats in the church will be free. A cordial invitation is extended to the public to be present. All who intend to be present are kindly requested to be in the church before the ceremonies begin.

As "all work and no play makes Jack a dull boy," the members of St. Mary's church propose to furnish their friends some innocent amusement next Wednesday, after the morning has been appropriately spent in prayer.

This more worldly part of the celebration will be at Crystal Springs park, Captain Buchholz's boat having been chartered to make hourly trips during the day, beginning at 10 a. m. Tickets for the round trip on the boat will be twenty-five cents; children under fifteen years of age, in charge of their parents or guardians, will go free. The ladies of the congregation will serve dinner and supper on the ground, tickets, to all alike, twenty-five cents. The ladies are celebrated for the excellent menu they provide for their guests.

The committee on games has made out a programme that will furnish entertainment to participants and on-lookers, such as running races for boys and girls, sack races, wheelbarrow and potato races, tug of war between city and country athletes, etc., for which prizes have been provided. A literary and musical program has been made out by a committee appointed for this purpose, to consist of solo and quartet singing in both English and German, declamations, etc.

Fathers Schneider and McBride will take part in the singing. Father McBride, who is a trained elocutionist, will also give some recitations. Rev. Father Ward of Beloit, will be the speaker of the day.

As the managers of St. Mary's picnic believe in early hours, and that the night was made for sleep, the last boat will leave the grounds before darkness sets in.

All friends of St. Mary's congregation are invited to join the members of it in a day's pleasant outing.

## J. M. BOSTWICK BUYS THE FAIR GROUNDS

PRICE AMOUNTS TO ABOUT \$10 400

He Bids Nine Cents Over the Judgment and Assumes the Judgment and Mortgages—May Cut the Land Up Into Building Lots, If it is Not Redeemed.

J. M. Bostwick is now owner of the fair grounds. At auction sale this morning, he bid them in at \$10,400. Sheriff Acheson started the sale at 10 o'clock, in front of the postoffice. The grounds were sold to satisfy the judgment of \$2,769.41 held by ex-Sheriff J. L. Bear and A. E. Rich.

Two mortgages one for \$5,500, and the other for \$1,250, also hang over the grounds.

B. F. Dunwiddie, acting in behalf of Messrs. Bear and Rich, opened the bidding at \$2,769.41, the full amount of the judgment, which bid was raised nine cents by Mr. Bostwick, the property then being sold to him, he assuming the mortgage, interest and judgment, making a total of \$10,400.

Mr. Bostwick stated today that he had not fully decided what he would do with the property in case it was not redeemed. The society has fifteen months in which to redeem. If it is not redeemed, the property is likely to be platted into lots and sold.

## F. R. MOULTON BADLY HURT

Nearly Pinned Under a Wreckage While Superintending a Gang

F. R. Moulton was seriously hurt while superintending the removal of a wreck at Palatine last night. He climbed on a gondola that stood on end in the wreckage, and as the car fell he jumped to avoid being caught underneath. He struck a pile of ties ten feet away and was picked up almost helpless. He was brought to Janesville on the 12:30 train last night. His left side and arm are badly bruised and his neck strained.

WINTER HINTS.

The Season's Skirts—White Woolen Goods Trimmed With Lace.

Buttons are to figure largely among winter trappings and are to be employed in all sizes and styles. Buttons covered with cloth and velvet or made of passementerie, enamel, pearl, ivory, gold, silver and cut steel will all be used, the sort chosen being decided by the material of the gown to be adorned and the style in which it is conceived. On cloth they will be particularly used, with many new effects. Skirts open at one or both sides will be held together by buttons and cords the space between being filled by flat pan

els either plain or covered with embroidery or applications. Sometimes the panels are of plaided silk, but this is in gowns of comparatively light weight.

Skirts plaited or gathered at the top should be avoided except by slender women unless the skirt is made of very thin goods. In the heavy materials for fall and winter wear such fullness is too cumbersome for a robust figure.

The illustration given shows a costume of silver gray cloth. The skirt is trimmed around the foot with three clusters of narrow bands of silver galloon. The close bodice, which has a slight tulle, is embroidered with steel and bordered with steel galloon. It opens over a plaited vest of pink mousseline de soie, having a corsé of black satin. The close sleeves have two small puffs at the top and are bordered with steel at the wrists, the steel embroidered epaulets being edged in the same way. The neck and wrist frills are of pale pink mousseline de soie.

SCHOOL COSTUMES.

Bright Plaids For Children—Colored Stockings to Be Worn.

The question of school dresses is one that is ever ripe for discussion. School gowns see such hard service and are worn so constantly that they are by no means joys for ever, even when they are things of beauty in the beginning. It is never worth while to buy very expensive or delicate goods for them, because if they are not worn out they are outgrown in a very short time. It is of course necessary that they should be neat, well made and becoming, but simple materials, trimmings and styles are best on every account.

The most suitable place for plaids is on children, and bright plaids, whether of the

GRAY CLOTH GOWN.

kind in which red predominates or of blue and green, make very pretty little gowns, especially when trimmed with narrow black velvet or ribbon in bands or with black braid. Cashmere and henrietta cloth are also suitable for school wear, and the heavy wool crepons, in which there is no silk. Serge is perhaps the most serviceable of any goods for the purpose, as it endures all sorts of hard usage without being spoiled. As far as hats are concerned, felt trimmed with ribbon is always appropriate. Feathers and flowers on school hats are out of place and soon go to destruction. Black stockings have for many years enjoyed universal popularity and have been worn by rich and poor alike. Now an attempt is being made to introduce white and colored ones again, but it has not as yet proved successful in America. In France there is a decided liking for fancy hosiery, and white stockings with black and colored dots, and especially plaid stockings, are great favorites.

Today's sketch shows a costume of pearl gray cloth. The skirt opens at each side of the bodice over a panel of white cloth, which is framed by bias bands of black velvet and crossed by black cords fastened by small silver buttons. The close bodice is trimmed with bias bands of black velvet and is open over a wide plastron of white cloth trimmed with black cords and silver buttons. The collar of white cloth is trimmed in the same way. The hat of black felt is ornamented with pearl gray satin.

A MOTHER'S EFFORT.

A Mother Sees Her Daughter in a Pitiful Condition, but Manages to Rescue Her.

From the New Era, Greensburg, Ind.

The St. Paul correspondent for the New Era recently had an item regarding the case of Mabel Stevens, who had just recovered from a serious illness of rheumatism and nervous trouble, and was able to be out for the first time in three months. The letter stated that it was a very bad case and her recovery was considered such a surprise to the neighbors that it created considerable gossip.

Being anxious to learn the absolute facts in the case, a special reporter was sent to have a talk with the girl and her parents. They were not at home, however, being some distance away. A message was sent to Mr. Stevens, asking him to write up a full history of the case, and a few days ago the following letter was received from Mrs. Stevens:

"ST. PAUL, IND., Jan. 20, 1897.

Editors New Era, Greensburg, Ind.

"DEAR SIR: Your kind letter received and I am glad to have the opportunity to tell you about the sickness and recovery of Mabel. We don't want any newspaper notoriety, but in a case like this where a few words of what I have to say may mean recovery for some child, I feel it my duty to tell you of her case.

"Two years ago this winter Mabel began complaining of pains in her limbs, principally in her lower limbs. She was going to school, and had to walk about three quarters of a mile each day, going through all kinds of weather. She was thirteen years old and doing so well in her studies that I disliked to take her from school but we had to do it.

For several months she was confined to the

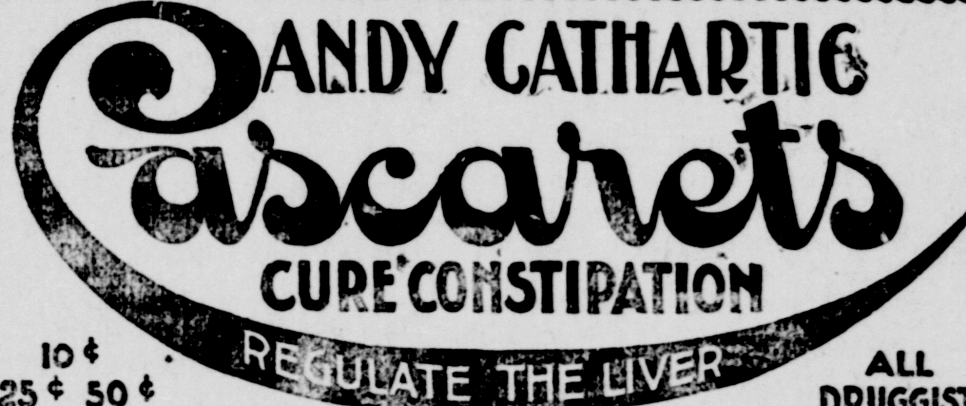

house, and she grew pale and dwindled down to almost nothing. Her legs and arms were drawn up and her appearance was pitiful. Several doctors had attended her, but it seemed that none of them did her any good. They advised us to take her to the springs, but times were so hard we could not afford it, although we finally managed to get her to the Martinsville baths. Here she grew suddenly weaker, and it seemed that she could not stand it, but she became better, and it seemed that she was being benefited, but she suddenly grew worse, and we had to bring her home.

"She lingered along, and last winter became worse again, and was afflicted with a nervous trouble almost like the St. Vitus' dance. For some time we thought she would die, and the physicians gave her up. When she was at her worst a neighbor came in with a box of Dr. Williams' Pink Pills for Pale People and wanted us to try them as they were advertised to be good for such cases, and her daughter had used them for nervousness with such good results that she thought they might help Mabel.

"We tried them. The first box helped her some, and after she had taken three boxes she was able to sit up in bed. When she had finished a half dozen boxes she was able to be out and about. She has taken about nine boxes altogether now, and she is as well as ever, and going to school every day, having started in again three weeks ago. Her cure was undoubtedly due to these pills."

(Signed) Mrs. AMANDA STEVENS."

Dr. Williams' Pink Pills for Pale People contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (never in loose form, by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Schenectady, N. ELASTIC STARCH has been before the people of the United States for twenty-three years and is without doubt the greatest starch invention of the Nineteenth Century. Last year its sale reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by men who have had years of practice in experience in many lands trying. It makes ironing easy, restores old summer dresses to their natural whiteness, and imparts to linen a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum, or any other substance injurious to linen, and can be used even as a baby powder.

## NEW FANCIES.

## AUTUMN STYLES.

## To Prevent Rough Skin—Capas and Jack-

ets—About Buttons.  
Hair is dressed in much closer style than it was, making the head appear smaller. Nevertheless curls and waves are still worn and will doubtless continue to be for a long time, since they have so softening an effect upon the features.

To keep the complexion from being roughened and darkened by the sun and open air it should be rubbed with a mixture of rosewater and glycerin before exposure to those unfavorable influences, and a little fine rice powder should be applied immediately. This protects the skin a great deal and is easily washed off when a return to the house makes it no longer necessary.

The newest capas are fastened by ornamental buttons, which form a part of the decoration. Buttons are likewise placed on straps, revers and other portions of the cape. Jackets are to continue to be much worn, and redingotes are promised for the fall and winter, especially for very young girls, the accompanying hat of felt being large and heavily adorned with plumes. With a gray or mastic redingote

## White Satin and Rose Colored Revers.

Shirred and Puffed Sleeves.  
The style of dress decoration in which different shades of the same color are combined is coming into great favor. Dark gray upon light gray, for example, and purple upon mauve, and brown upon beige, are much liked and now often seen. Sometimes bands of velvet or narrow ribbon are used, sometimes the trimming consists of braiding, and sometimes it is composed of more elaborate applications and incrusta-

tions. Different colors are frequently combined in the same way, however. Revers of white silk or satin, or rose colored revers, embroidered or covered with applications, yellow ones and still others ornamented fashionably jackets and gowns of beige, mastic or pale gray.

Blue is still enjoying a great vogue and will continue to do so. The great majority of hats have shown its influence this season, and now it has extended its domain over gowns. All shades are employed, but the ones characteristic of the style are clear and decided in tint. Blue used to be rightfully considered an unserviceable color, susceptible to injury and changing on slight provocation, but an improvement in dyes has lately been effected which renders it quite as reliable as other colors, more so perhaps than brown or pink, which is apt to fade rapidly. Blue and white in combination will be stylish.

The illustration given today shows a costume of old silver gray cloth. The skirt is surrounded by three sets of horizontal bands of dark gray velvet and silver braid. The blouse bodice, which has a very short basque, is belted in with gold satin, studded with enamel and steel buttons. The bodice is trimmed with applications of gray velvet and silver cord and with silver buttons. It has a valois collar of gold satin opening over a plastron of guipure over a gold lining. The hat of gray felt is trimmed with a bow of plaited gray taffeta and yellow quills.

JUDIC CHOLLET.

## An American Woman Abroad.

The wife of General Porter, present ambassador to France, is thus described by the correspondent of the London Telegraph: "A bright, sunny faced woman, with berry brown eyes and gray hair of that peculiarly attractive snow flecked, silvery gray that American women so advantageously monopolize, suggestive of a marquise Quinze Louis, with powdered coiffure, and who has won golden opinions from the many for her pleasant and kindly way of receiving. It may truthfully be said that in no embassy in Paris are good looks or elegance so well represented as at that of the United States. Upon the present occasion the ambassador's wife wore a lovely gown of soft, silver gray, silken material, slightly a train and made over pale green glace silk, the dress and basque corsage spangled lightly with steel and inset with pale yellow guipure, forming a floral design, branching to right and left of the bodice in graceful fashion, the green of the underdress peeping charmingly from between the trimming and spangled outline of the lace foliage design. The corsage was finished with narrow plaitings of cream colored mousseline de soie. Her excellency's ornaments were pearls and diamonds."

## Women, Bicycles and Consumption.

At a meeting of the American Statistical association Dr. S. W. Abbott, secretary of the state board of health of Massachusetts, presented some figures regarding the proportion of pulmonary tuberculosis in females to that in males in Massachusetts. The rate in 1851 was 1,451 females to 1,000 males; in 1890, 1,055 females to 1,000 males, and in 1895, only 974 females to 1,000 males. Eighteen hundred and ninety-five was the first year in the history of the state in which the number of deaths from phthisis in females was smaller than that in males. The fact that a uniform reduction in the rate of female deaths began some five years ago, about the same time women were beginning to ride the bicycle extensively, Dr. Abbott considers significant, and he is inclined to attribute the decrease in the death rate to the great increase in open air exercise among women by the use of the bicycle.—Sanitarium.

**New Deal In Fruit--** During the balance of the season we will retail all Fruit at wholesale prices. This decision on our part will mean a great saving to purchasers and is an announcement that is perfectly reliable. We intend making a leader of our Fruit to draw trade. We don't expect to make any money on it, and, as we said before, simply handle it as a trade bringer. Quality, of course, is the one thing to be most considered. Our Fruits have always been the best and all Fruit carried by us in the future will be up to standard all around. Prices quoted will be only on the best quality. All our Fruit is bought through a broker on South Water Street, Chicago, who has done our buying for the past thirteen years. We receive large shipments every day. He is a good Fruit buyer as our goods have always proven. Our prices will be considerably lower on the same class of goods than you can buy elsewhere.

## SATURDAY, WILL BE THE FIRST DAY.
